## PERSONAL PROJECTS

### Netflix Clone (03/2023 - 03/2023)

- Description: This project mimics the Netflix interface, allowing users browse, search, and interact with a collection of movies and shows, showcasing front-end development skills and knowledge of web technologies

### Restaurant Website (05/2023 - 05/2023)

- This project involves creating a modern, user-friendly website for a local restaurant, aimed at enhancing its online presence and providing customers with an engaging dining experience. The website features the restaurant's menu, ambiance, and special events, making it easy for customers to explore and connect with the brand.
